

6 Months of our NEW Fiber 101 Youth Program!

“My students and I would like to come and tour your fiber mill, is that possible?”

That was the question I often received since I started working here in 2022. **And for far too long, the answer was kind of a “no.”** The groups could come, but the current fiber mill tours were set up to accomodate adults and had a price tag that did not fit within a school budget - a necessary price in or order to shut down the fiber mill, the heart of what the Schoolhouse does - and so the option truly was not there for them.

That is when we stepped in - the Eweniversity. We partnered with the Fiber Mill to cover some of the costs of the tours. Our amazing Board members - educators, fiber artists, and more - put their heads together to create a youth friendly program that would engage and educate our youth! *(Continued on the 3rd Page)*

Fiber 101 Stats Jan - July 2024

7 Tours Held
3 Upcoming

Or Contact Kristin Fraser at director@eweniversity.org or 701-850-9157

They are asking to come....
Together we can make a way.

You can provide an in-demand & unique educational experience for our youth.

What are Fiber 101 Field Trips?

A full experience perfect for school groups, 4H groups, and more - ages 4th grade through college. *Mixed age groups with kids younger than 9 years old can be accommodated (eg. 4H or Homeschool groups).*

A presentation on fiber animals, their care, differences in fibers & what they are used for, the fiber mill process, and a tour of our Fiber mill. *Approx. 1.5 hrs*

Additional Hands-On Fiber Art Activities:

Felted Soap - for 9yrs+ Experience the Wet Felting process in this 30 min activity and take home your felted soap bar!

Needle Felting - for 12yrs+ Experience the Needle Felting process in this 45 minute activity and take home your felted car coaster.

6 Months of our NEW Fiber 101 Youth Program!

(Continued)

In 2024 we proudly launched our Fiber 101 Youth Education Program. Now, when a school, 4H group, Scouts, Homeschool Co-op, College group, and more call to have students come through - we have our Fiber 101 Tour prepared for them! Our very own Chris Armbrust engages them in a fiber presentation and a walk through of the Fiber Mill - learning about all types of fiber agriculture, animals, and industry processing.

They can also add on fiber art activities - experiencing Needle Felting or Wet Felting to get hands on experience of the unique qualities of natural wool fibers. And the groups have LOVED it - as the teachers have emailed us afterwards to tell us how their students expressed how much they enjoyed this experience - even sending us photos of fiber art creations they made on their own!

- Kristin Fraser, Executive Director

Oh Fer Fun . . .

Our Executive Director, Kristin Fraser, was joined by her son in the Nome 4th of July Parade!
