Join us for our 2nd Annual Quilt Share & Trunk Show. This fundraiser will provide support to our Fiber 101 Education Program. A program that allows students from schools, home school groups, 4H groups, Scouts, and more to be inspired by agriculture, industry, and art with a hands on learning experience about all things fiber and wool. A unique field trip experience that teachers and leaders have been calling to ask for for years. And in 2024 we officially launched the program. Now YOU can help hundreds of kids learn about unique career and hobby opportunities that are possible right here in small town ND.
